PCR 267: Ability to Update Password Security Questions

On Saturday, 29 March, the User Profile page was enhanced with a "Security Questions" button. This gives the user the ability to update the three security questions and answers, just as they did when signing in for the first time.

The screenshot shows the user profile page for AgGateway AGIIS. At the top, there are logos for AgGateway and AGIIS, and navigation links for HOME, LINKS, SEARCH, and FI. Below this is a section for "User contact details" with the following information:

- Subscriber: AGGATEWAY CORPORATION
- First Name: NIKKI
- Last Name: MARSHALL
- User ID: NIKKIAG

Below the contact details, there are radio buttons for "Preferred Product View":

- Classic 3 Level Hierarchy
- Flat Pr

Next is a section for "Is granted the following privileges:" with a dropdown menu. Below this is a list of privileges with checkboxes:

- AuthVendor - Request Add
- AuthVendor - Request Delete
- AuthVendor - Request Update
- AuthVendor - Search/View
- E-Business - Manage Subset
- E-Business - Request Add

Below the privileges list is a section for "Send e-mail notification for the following events:" with a list of events and checkboxes:

- System Receives Request
- Request is Accepted
- Request is Declined
- System Generates Extract File
- Product Alert
- Product Alert

A large red arrow points down from the "Send e-mail notification" section towards the "Security Questions" button. At the bottom of the page, there are several buttons: Submit, Back, Change Password, Security Questions, and Ignore.

When an AGIIS user signs into their profile for the first time, they are required to choose 3 security questions and provide answers that they will be able to recall at a later point in time. For added security, these questions are presented to a user when they click on the Forgot Password link. If the user answers the 3 security questions correctly, a password reset link is sent to the user's email address.

PCR 265: Ability to Update Password Security Questions

On Saturday, 1 March, the Extract View page in AGIIS was enhanced by adding a “Customizations” button to the bottom of the page when a user selects a “Customized” report type.

When selecting the Full or Subset extract type, the button showing in the bottom-left will be the Submit button. *Please note: When the Full extract type is selected, it will include products from all manufacturers.

The screenshot displays the AGIIS Extract View interface. At the top left is the AgGateway logo. The top right shows the user's name 'N. MARSHALL - AGGATEWAY' and links for 'Contact Us' and 'Logout'. The main area contains several configuration sections: 'Extract ID' and 'Extract Name' (with a yellow highlight), 'Description' (text area), 'File Format' (radio buttons for CSV and XML), 'Sort By' (radio buttons for Hierarchy and Record Type), 'Include Record Types' (checkboxes for Company, Product, Package Size, and Package Configuration), 'Product View' (radio buttons for Classic 3 Level Hierarchy and Flat Product/GTIN), 'This Profile is active' (checked), 'Last Run Date' (Never), 'Extract Data' (Product dropdown), 'Start Date' (2/27/2025), 'End Date' (empty), 'Record Status' (radio buttons for Active, Inactive, Both), 'Extract Type' (radio buttons for Full, Customized, Subset, highlighted with a red box), 'Change Type' (radio buttons for All Records, Adds/Changes Only, Adds Only), 'Frequency' (Weekly dropdown), 'Crop' (-- SELECT -- dropdown), and 'Treatment Only' (checkbox). Below these are 'Include Categories' (Primary and Secondary) and 'License Extract Criteria' (radio buttons for All, Active Only, Prohibited Only). At the bottom left, there are three buttons: 'Submit' (highlighted with a red box), 'Delete', and 'Back'.

Now, when selecting the Customized extract type, the Submit button has been replaced by the new Customizations button.

Extract ID:

Extract Name:

Description:

File Format: CSV XML

Sort By: Hierarchy Record Type

Include Record Types: Company Product Package Size Package Configuration

Product View: Classic 3 Level Hierarchy Flat ProductGTIN

This Profile is active

Last Run Date: Never

Extract Data:

Record Status: Active Inactive Both

Extract Type: Full Customized Subset

Change Type: All Records Adds/Changes Only Adds Only

Start Date:

End Date:

Frequency:

Crop:

Treatment Only:

Include Categories:

Primary: Chemical Feed Fertilizer Seed Other

Secondary: Chemical Feed Fertilizer Seed

License Extract Criteria: All Active Only Prohibited Only

Clicking the Customizations button will present a list of manufacturers and products to choose to be included in the product extract, seen below:
